CREATORS OF PRECISION.

We design, manufacture and test in-house our firearm systems following our main dogma: precision. Surrounded by the hills of the Gandino valley, north-east of Bergamo – Italy, we have over 50 years of experience in the firearms industry and high-precision engineering. We aim to give precision shooting a new light and new shape.

V DESIGNATION

Pugio | Gladio | Scorpio | Tormento

The V models represent the top of the line in Victrix tactical range of firearms, available in 3 different cerakote finishes. Featuring many addons and accessories allowing the shooter to use their rifle in a multiple of ways in a very modular platform.

Some of the features include are:

- Buttstock with horizontal and vertical multiple lever adjustments, retractable monopod with quick positioning adjustment and fine adjustment, and insulated cheek piece
- Benchmark lapped barrel in AISI 416R match grade
- Reversible EVO button folding system
- Ergonomic and interchangeable grip
- Victrix ProAngle detachable muzzle brake featuring 3 forward-canted chambers
- Matt PVD finish on the action and polished PVD finish on the bolt
- Explorer case for transport with military specifications

T DESIGNATION

Pugio | Gladio | Scorpio | Tormento | Challenge

The T models are the entry level into the line of Victrix tactical firearms. These models feature the same great action, chassis and performance of the V line but without the extra bells and whistles.

Some features of these guns are:

- Lothar Walther lapped barrel in AISI 420 match grade
- Buttstock with horizontal and vertical multiple button adjustments, and insulated cheek piece
- Victrix ProAngle detachable muzzle brake featuring 3 forward-canted chambers
- Matt PVD finish on the action and polished PVD finish on the bolt

With Victrix, long distances hide few secrets.

Available in .375 and .408 Cheytac with aluminium monobloc chassis to increase stiffness, bending and torsion rigidity, the reticular structure guarantees a consistent and controlled performance, shot after shot. Designed to be the King of 2 miles, it's as simple as opening up the box and taking aim. The hardest decision is choosing your side. Take the **Throne** with magazine or pick up the **Crown** single-shot. Same reliability, same concept of precision. Sceptre not included.
